3. At this point, clinical rotations will not be held during the first semester. We will reevaluate in November. If we are able to attend clinical during the second semester the facilities will require a physical, influenza vaccine, PPD testing, verification of Hepatitis B vaccine and a criminal background check. In the meantime if you have a physical, PPD, or influenza vaccine scheduled please obtain a copy and bring to the school.

Students will need their social security number to submit a criminal background check.

Students will complete the check on line, through the PA State Police website, at school.
